8th hour 12:57-2:15

Open Campus Policy:

Winchester High School has an open campus policy during Final Examinations. Students are not required to report to the school unless they are scheduled to take a final. Students are also allowed to leave campus after their final if permission has been granted from the teacher. Students are not allowed to drive unless approved by the office. If the students are staying on campus, they must remain in the classroom or sign up to use the library (no hanging out in the hallways). Please see the office if you have any questions regarding the Open Campus Policy.
